

## Campaigning for digital inclusion in the North East

Access to the internet is a necessity, not a luxury. Our aim is to improve digital inclusion in the region to create a fairer, more equal North East.

### Support our campaign

If you would like to get involved in our campaign, offer digital support, or would like to make a donation to get more people in the North East online, please contact us at [betterconnectedne@gmail.com](mailto:betterconnectedne@gmail.com).

### Need support?

If your community group needs equipment for people to access the internet, email us at [betterconnectedne@gmail.com](mailto:betterconnectedne@gmail.com) and we'll see how we can help. If you are unable to email, call 07471850186.

## Culture change

We want to change how people think about digital inclusion. It is necessary for enjoying and exercising our human rights.

Together we can change the narrative. Have a look at our [blog](#) and [write to us](#) to share your own digital inclusion stories at [www.betterconnected.org.uk](http://www.betterconnected.org.uk).

## Practical solutions

We are encouraging North East businesses to recycle and refurbish old equipment. We can help distribute refurbished equipment to local community groups.

## Accessibility

Better ConNEcted supports local businesses and organisations to improve their online accessibility for disabled people.

## Local authorities

We want local authority practices and policies to show a strong commitment to digital inclusion. We are working to make digital inclusion a priority for councils and their departments.
